

# The One delivering labs to new heights

For forty years, **Sunquest's** primary focus and goal has always been to innovate laboratories. We help healthcare organizations such as yours transform both its systems and culture to more effectively navigate complexities in growth, bring on new competencies or services, and unify your processes and data, inside and outside the laboratory walls – constantly working to promote better decision-making and ensure the best patient outcomes. How many companies have both the expertise and the technology to elevate your lab within your entire enterprise?

Wide-ranging technical & cross-discipline expertise

## ADVANCED CONNECTIVITY & INTEROPERABILITY TO DRIVE REVENUE, SATISFACTION AND PATIENT SAFETY

- Reduce write-offs and revenue leakage from multiple order sources
- Manage multi-lab networks and accelerate time to value of acquisitions
- Drive enterprise interoperability with vendor agnostic approach

## UNPARALLELED LABORATORY DEPTH AND BREADTH THAT SUPPORTS MULTI-DISCIPLINARY & COMPLEX LAB WORKFLOWS

- Integrated solutions for Clinical, Anatomic Pathology and Molecular/Genetics
- Reduce cost per test with efficient workflow from order to result
- Highly configurable to support your specific instrumentation and workflows

## ADVANCE YOUR ORGANIZATION INTO THE FUTURE WITH PRECISION MEDICINE

- Enable cohesive data sharing throughout your enterprise for better collaboration
- Reduce care variation and costs with targeted testing
- Deliver clinical insights to enhance clinician and patient experience

## SUPPORT THE QUADRUPLE AIM WITH TARGETED DATA ANALYTICS

- Enable informed decisions that reduce costs and care variation
- Reduce patient risk & costs from duplicate or unnecessary testing
- Gain insights into actionable data for focused lab operations and coordination

## About Sunquest

Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today's complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Boston, Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
