

# Key CMS Interoperability and Information Blocking Timelines

**Note:** Provider compliance with ONC Information Blocking provisions is contingent on vendor readiness and additional CMS rulemaking outlining disincentive actions. The timeline for CMS information blocking disincentive enforcement is currently unknown.

## OIG Information Blocking Guidance for Providers:

In determining whether a health care provider has committed information blocking, OIG shall consider whether, in accordance with sec. 3022(a)(7), a developer of health information technology or another entity offering health information technology to such provider failed to ensure that the technology meets the requirements to be certified under the ONC Health IT Certification Program.
